All entering students who seek to enroll in a music degree program must perform a satisfactory performance audition on the major performance instrument for a faculty jury prior to enrolling in any music classes or declaring any music major or music minor. Students must also pass a basic music theory, sight singing and ear training test prior to enrolling in the first level of music theory courses: MUSI 131-133. This test will be administered prior to registering for the first level of music theory courses to determine eligibility. See Undergraduate Catalog for additional information regarding admission requirements for the Music Program.
